Tensions are rising as the stand-off between the world community and Wadiya, the North African arms state that intensified today, as UN weapons inspectors were once again denied access to the country by The Wadiyan's leader, Admiral General Aladeen.I will not take any action off the table. And I mean what I'm saying, today we're asking... Who is General Aladeen? According to Wadiyan's propaganda, Hafaz Aladeen was a member of the 1973 War of Times. General Lane was born the only son of Colonel Aladeen, himself a savage and violent dictator. Next! Known for his iconic beard, he's protected by 30 female guards who he claims are a virgin. At the age of 7, he could be the most dangerous man in the world. All right, let's get right to the point, do you have nuclear weapons? What was that question? Do you have any nuclear weapons? I'm sorry, I can't hear you. Are you developing nuclear weapons? No, I literally can't hear you. I'm going to go the second question. I can hear you now. Eccentric and with unlimited oil wealth, he recently hosted his Olympics... Stand by, where he won fourteen gold medals. Aladeen, can you hear me? Aladeen, can you hear me? Often described as ignorant, he changed over 300 Wadiyan words to Aladen, including words positive and negative, causing mass confusion. Do you want aladeen news or Aladeen news? Aladeen news? You're HIV-Aladeen. Aladeen, can you hear me? Aladeen, can you hear me? People of Wadiya, I came before you today to tell you that the world is kneeling before our great people, we are two months away from enriching weapons-grade uranium, which is used for peaceful purposes, it is only used for medical research and clean energy. Yes, I am. And I'm sure you never get used to attacking... Oh, boy. In this speech, today, the international community asks one question: Is the Mad Dog of Wadiya a nuclear weapon? Now show me my nuclear weapons! I can't wait! I can't wait! That's the Beard of Doom rocket? That's my gun? I'm going to be a laughing stock! All my friends have nuclear weapons, even Ahmadinejad! And he looks like a snitch at Miami Vice. Is it a normal Friday every day in Iran? Where is the head of my nuclear program and the women's procurer? Where's Core Dada? You had Nadal executed, Supreme Leader. Supreme leader! Nadal. It's too round on top! It has to be pointy. The round's not scary. Pointy's scary. It puts a smile on the face of the enemy. They think it's a big robotdido driving towards them. No, Supreme Leader. It sticks to the ground and then the boom. Supreme Leader, I think some of your information about bombs comes from cartoons, began to rise to heaven, playing the harp. In this movie, only one question, was a duck who, in the event of an explosion, goes around his bill's back head, and then, to talk about it, he had to put it back there was someone who suffered such an ugliness. Page 20kei. Ma I'm now 100% sure you're watching cartoons, have you talked to experts about it? Have you consulted Professor Bobeye? Who? Professor Bobeye, the one who has an incredibly strong forearm left for his body, the man you're discussing is called Popeye. Do me a favor. For a moment, pretend I'm... Okay, I'll be there. And explain to me how this bomb will not land in Israel and then literally bounce right back and blow up Wadiya. Supreme Leader, let me explain to you. You lost me, it's a rocket in Wadiya, you press the button. Boop! Israel! No? Why? Nuclear winter, reality is yea! Believe me, sir, if I could say a little more about the device, I'd do it, but I just can't. Okay, You know what? Let's just agree not to agree, my friend. Okay, what? Why'd you do that? No, no, you remember? Of course I remember! How dare you question my memory? I remember everything! No, I would never do that! Never! I'm so sorry. I didn't mean it like that, don't worry, it's okay. Well done, my friend. Thank you. Wait! Wait! Where are we going? Admiral General, what if we just tell the United Nations we don't have nuclear weapons? They're going to lift the sanctions, we're selling oil rights to the Jalabiya Desert, Uncle Tamir, don't you remember what my holy father made me let him on his deathbed? It was never selling Wadiya oil, remember when he gave me power over you, the rightful heir. You've been so cool about it. This is the season finale of The Real Housewives ShachahmahaflatihlichPage 5Aladeen! Aladeen, can you hear me? Death to a tyrant! Looks like we're going to have to find a new doppelganger. Because this one you know, I don't know if he's going to get better. It's not healing, sir. He's dead. Send his wife chocolate-covered almonds in a cellophane box. We're going to send your wife almonds, chocolate-covered version of them, Maroush, I think I dropped an almond on her head. Can you take it out? Which I won't do! You want to send the body to the family and then they discover the almond in his head, and they say: Why is there an almond? His head? Take it out, clean it! How do I eat it? Don't eat it - Oh, Maroush! Hey, it's going to be okay. I don't know! I want you to worry about everything, yes, how about we look in the eye when I'm talking to you? It's very rude not to look anyone in the eye when they're talking to you. It's okay. Don't worry. You're having a hard day. We shot the wrong guy, I can't eat it. I have a new plan. We need to find a new doppelganger. One that's simple enough to completely manipulate it. I think we found who you are. For. You think this guy looks like me? You're in the old yolk. You must! There's a lot of lucky goats, hmm? What does that even mean? Uncle Tamir, this is the thing. What makes you think he can do the job? May I remind you that his only real job is to put a bullet in his head. Let. Put him through, okay? Cut his navel, filet teeth, bleach his skin and shorten his penis. Megan! Megan! You have herpes now. Megan, you were worth every penny, you were super hot, was my plane ready? yes, but do you want to stay the night? You know, I really want to do cuddling. Page 4Ei. Your time is good, I have to be with the Italian Prime Minister tomorrow. Maroush, give me that good bag! Thank you, I believe everyone's there, as your manager asked? Katy Perry says she has a diamond Rolex. Are you a queen? You must! That's the thing. What about the device, I'd do it, but I just can't. Okay, You know what?
